## Bruce B. McIntosh, MD, FACS

Clinical Assistant Professor, Wayne State University  
School of Medicine

Director, Division of General Surgery

William Beaumont Hospital, Troy

Troy, MI

Medical school:

*Wayne State University of  
Medicine*

Residency:

*Wayne State University of  
Medicine*

Dr. Bruce McIntosh earned a bachelor's of science in biomedical engineering at the University of Michigan, after which he attended Wayne State University School of Medicine where he received his Doctorate of Medicine, graduating with honors in 1989. Dr. McIntosh completed his General Surgical residency at the Detroit Medical Center where he was the administrative chief his final year.

After residency, Dr. McIntosh joined the staff at William Beaumont Hospital Troy where he does the majority of his surgery. While at Troy, Dr. McIntosh has held many leadership positions including member-at-large to the medical executive committee and Director of the Division of General Surgery; he has also served on the executive board of the physician organization and the Cancer Clinical Operations board. Dr. McIntosh is certified in General Surgery by the American Board of Surgery and is a Fellow of the American College of Surgeons.

Dr. McIntosh has authored papers on multiple aspects of surgery, including presentations on his robotic experience at the Clinical Robotic Surgery Association. He maintains academic appointments at Wayne State University School of Medicine and the William Beaumont/Oakland University School of Medicine. His peers selected him as a "Top Doc" in *Hour* magazine numerous times.

As a clinician, Dr. McIntosh's interests include GI oncology and he serves as the Director of the GI Oncology Multidisciplinary Clinic, complex abdominal wall reconstruction, biliary surgery, advanced laparoscopic surgery, and robotic surgery.
